

Assignment 2 - Digital content for my flipped lesson

Tasks/Assignment

Task 1. (group work):

Provide a scenario of the simulation or creative project in your field of teaching. Link it with some key-entrepreneurial trends in pop culture and with the use of digital tools (if possible). Give a short explanation of what are the expected learning outcomes.

Task 2. (group work):

Advertise your team to the students as a “Fantastic teachers team”. Use online Canva tool.

Assessment criteria:

The submission of both assignments means they are completed and accepted.

Assignment 3: Create the lesson plan for your flipped class

Task:

Prepare and upload your lesson plan (that you will actually deliver later on).

You may decide on the format/file type, but remember to include all core elements.

Evaluation criteria:

Goals for the lesson are clearly defined – 4 points

Pre-class material is connected to activities – 4 points

Planned activities adequate for active learning – 4 points

Assessment is planned – 4 points

Digital tools are used – 4 points

Total: 20 points
